**Definitions:**
"Dollars leveraged" means other (Non-CPDG) funds that you are able to obtain to implement the project and/or provide similar services. It could be additional funding received during the time of the grant, or dollars that will continue the services after the end of the grant.

"People Trained" means those who are trained in how to achieve the desired outcome in the particular project area. Exactly what type of training this includes will depend on the category of the project and who is being trained. In the case of the consumer it might include skills training, and in the case of the provider it might include training in how to successfully include individuals with developmental disabilities.

*Council staff will work with the successful grantees to identify which outcome measures are used based on the specific project. Some projects may use additional measures. The Council reserves the right to modify the outcome measures.*
